

Winemaker: Jeremie Huchet

Region: Loire Valley

Appellations we carry:
-Muscadet

Key Notes: This family estate has been around for four generations, and before that a resting home for the missionaries of Saint Clement's community. In 1945, Constant Huchet took over the vineyard of 6 hectares. He formed the last plantings of young vines until he was 86 years old, and today still continues to check on their work with his almost daily tastings. Yves, his son joined in 1971 and in 2001 his grandson and current owner Jeremie took over. He has also partnered with Jeremie Mourat, a wine grower in the southern Loire and together created 4 cuvees in Muscadet. They share the same passion for great white wines of Loire and a vision which they hope is modern and respectful to their lands.
